*Spatial productivity for regional and local development*  
19<sup>th</sup> meeting

14 December 2022 | Trento, Italy (in-person event)

## AGENDA

## ■ The OECD Trento Centre for Local Development

The OECD Trento Centre for Local Development is an integral part of the OECD Centre for Entrepreneurship, SMEs, Regions and Cities. The Trento Centre uses a holistic “from data to practice” approach to policies for sustainable development to offer local policy analysis, advice and capacity building activities for improved policy implementation for people, firms and places. [www.trento.oecd.org](http://www.trento.oecd.org)

## ■ The OECD Spatial Productivity Lab

The OECD Spatial Productivity Lab (SPL) is a dedicated research laboratory that works with local and global partners to improve our understanding of the spatial dimension of productivity growth, the relevance of links between different types of areas and how regional policy can facilitate productivity growth, creation of better jobs and increased well-being.

## ■ The Research Institute for the Evaluation of Public Policies (FBK-IRVAPP)

The Research Institute for the Evaluation of Public Policies (FBK-IRVAPP) is a research center of the Bruno Kessler Foundation (Trento, Italy) dedicated to public policy evaluation research. FBK-IRVAPP's mission includes public policy and program analysis and evaluation, the dissemination of evaluation research evidence among policy makers and the training of policy evaluators and program managers on evaluation methods. The policy areas covered by IRVAPP are: education, labour markets, industry and innovation, taxation, welfare and social programs.
